

Can't Sleep At Night

Performed by: Susan Tedeschi

I've got the blues goin' round in my bed
I've got the blues goin' round in my head
Ooh, and I've tried and I've tried
Oh to do what's right
Why can't I sleep at night
Oh, why can't I sleep at night

Where did I mess up
Where did I go wrong
I ask these things I'll never know
As I lay awake goin' round and round
I keep singing the same old song

Oh I try and I try
Lord, to do what's right
So why can't I sleep at night
Oh why can't I sleep at night

If I can only dream
What will my story be
Would you be holdin' me
And when I close my eyes
Are you by my side
Lord have I realized
Oh, that you're my everything, everything, oh

(Instrumental – 12 bars)

I've got the blues goin' round in my bed
And I've got the blues goin' round in my head
Oh, and I've tried and I've tried
Lord, I've tried and I've tried
Oh I've tried and I've tried
Oh so why can't I sleep at night
Oh, why can't I sleep, why can't I sleep at night....

Ooh yes, oh why can't I sleep
Ooh yes, why can't I sleep, why can't I sleep

Ooh yes, oh yes

Oh, why can't I sleep
